

BY BY YOUR SIDE

BE BY YOUR SIDE
IT'S THE BEST GIFT I CAN HAVE
BE BY YOUR SIDE
GIVES ME A FEELING OF FULLNESS.

Calm in my space
Everything its fine, everything it allright
Peace in my temple
Today I feel that everything takes
His pertinent good direction.
It's pertinent good direction.

I believe on gona slow
Not going not to fast
Cause so many things could be lost along the way
Put the focus on what I can
When the things don't look so clear
I will part the clouds with my hands

BE BY YOUR SIDE...

This slow down riddim makes
Makes me feel full
It lets mi dance inside
It lets me feel carried the way
By details that maybe be brave
And this athmosphere
Created with all care
Let me go again.. mmhh..
Letting me flow, throught, throught the air...

BE BY YOUR SIDE...
